

Course Number

PHY-300-01

Course Description

A laboratory-based course dealing with contemporary techniques in experimental physics.

Academic Term

22/SP

Instructor

LaBrake, Scott

Vineyard, Michael

Location & Meeting Time

Integrated Science & Engineering Complex-016 T/TH 01:55PM-04:45PM LEC

Credits

1.00

Capacity

12

Total Students

9

Common Curriculum

WAC Writing Across Curriculum

Interdisciplinary Programs

Environmental Science & Policy

Academic Department

Physics and Astronomy

Field Of Study

Physics (PHY)
