

Course Number

CSC-380-01

Course Description

Introduction to the field of human-computer interaction (HCI) through the study of user interfaces. Theory and application of what makes an interface usable. Design principles, empirical studies, and statistical analyses will be employed in team-based projects. Students will make extensive use of equipment for recording and analyzing participants in both laboratory and field settings.

Academic Term

22/SP

Instructor

Talkad Sukumar, Poorna

Location & Meeting Time

Wold Center-128+ M/W/F 01:50PM-02:55PM LEC

Petition

Y

Credits

1.00

Capacity

25

Total Students

17
