

Course Number

MER-486-01

Course Description

Students participating at the level of senior designer and/or system design lead on a departmentally approved engineering design competition team (Aero Team, Mini Baja Team or Rocket Team). The student must have senior standing. The student's specific design responsibilities must be approved by the team's faculty adviser prior to registration. Weekly meetings with faculty advisors are required, as is travel to and participation in the design competition.
