```
Course Number
ATH-050-01
Course Description
Students are invited to participate in theatre or dance productions in a variety of capacities, both on-stage and
off-stage. Required for Theatre Majors and Minors. To gain transcript recognition for participation in these
activities, students must register for the theatre practicum with the registrar and achieve a passing grade from the
faculty supervisor. Requests for practicum transcript recognition must be filed with the registrar during the term
in which the practicum is undertaken. During the senior year, students may request up to two full practicum
credits towards graduation. Such requests are made to the registrar during the senior year transcript audit (or its
equivalent for those who plan to graduate early). Each full theatre practicum credit is accumulated from three
previous passing grades (any combination of theatre and dance practicum). No more than two such graduation
credits are available, whatever the discipline (theatre or dance). Students are advised to select full practicum
credits in whichever area best suits their academic program.
