Course Number PSY-482-20 **Course Description** Students gain real-world experience working on projects dealing with psychology in organizations such as hospitals, psychiatric facilities, advertising agencies, charitable organizations, government agencies, and educational institutions. Students complete 100 hours of such experience per term, and undertake a significant academic project arranged with the faculty supervisor. A two-term internship, PSY 481 and PSY 482, spans two terms and earns two course credits. The first term is graded pass/fail; a comprehensive grade is assigned for both terms at the end of the second term. Academic Term 22/FA Instructor STAFF, Location & Meeting Time To Be Announced By Permission of Instructor Y Credits 2.00 Capacity 15 **Total Students** 0 Additional Information http://www.union.edu/Psychology Academic Department Psychology Field Of Study Psychology (PSY)
