Course Number GEO-201-01 **Course Description** Tectonic events revealed through the stratigraphy and inferred depositional environments of the lower Paleozoic sedimentary rock sequences in eastern New York. Stratigraphic and sedimentologic concepts are explored through weekly field studies and comparison with modern depositional systems. Academic Term 22/FA Instructor Garver, John Location & Meeting Time Olin Building-307+ M/W/F 10:30AM-11:35AM LEC Credits 1.00 Capacity 22 **Total Students** 13 Additional Information http://www.union.edu/Geology Common Curriculum WAC **SCLB** Interdisciplinary Programs **Environmental Science & Policy** Academic Department Geosciences Field Of Study Geosciences (GEO)
