

Course Number

CHM-352-01

Course Description

Fundamentals of quantum mechanics and its application to chemical bonding and spectroscopy.

Academic Term

22/SP

Instructor

Barnum, Timothy

Location & Meeting Time

Wold Center-028+ M/W 03:05PM-04:45PM LEC

Credits

1.00

Capacity

6

Total Students

6

Common Curriculum

SCLB Science w/Lab

WAC Writing Across Curriculum

Academic Department

Chemistry

Field Of Study

Chemistry (CHM)
