Course Number BIO-489-01 **Course Description** One of these three courses (BIO-487, 488, 489) is required by, and limited to, seniors who are not satisfying their WS requirement through either an independent research project or thesis. Each seminar will provide a forum in which a biological topic of current interest and importance is explored in depth. Students will gain experience in giving oral presentations and critically evaluating the written work of both established scientists and fellow students. A paper is required to fulfill the WS requirement. Enrollment is optional for interdepartmental Biology/Other majors.
